INCLINE TRAINER i7.7

MODEL › VMTL83907
FEATURE › Incline Range - 0 – 30%
OPTION › Upgradable to TV Console

FEATURES AND BENEFITS

Integrated Speakers › Users can plug in their CD or MP3 player directly into the console via a standard audio cable to listen to their favorite music through the integrated speakers.

Integrated Fan › With low, medium and high settings, the fan offers added comfort even during the most intense training.

DRVS™ Motor › Direct Rear Velocity System, a self-cooling 5.0 HP high torque AC speed control motor, positioned in the back of the machine for a smoother running surface.

Cushioning › By combining urethane deck isolators and the DRVS motor system, users experience additional cushioning as the deck is able to give with every foot strike.

Lift Motor › Specifically designed for the Incline Trainer, this AC lift motor provides 1500 lbs. of lift force for smooth, consistent deck movement and stabilization.

QuickTouch™ Incline › Adjust incline from 0 to 30% by simply touching a button or scrolling in 0.5% increments.

Maintenance-free Belt › The 22" x 60" commercial grade, belt requires no lubrication for years of smooth, consistent use.

Deck › Double coated with phenolic resin on both sides of the deck to last twice as long.

Heart Rate › Pulse information can be displayed on the console via contact sensors or Polar® compatible wireless chest strap.
